Profile

A creative thinker, adept in software development and working with various data structures.

Education

B.Tech, Chadalawada Ramanamma Engineering College, Tirupati
JULY 2018 — JUNE 2022
Graduated with CGPA of 7.7

Courses

Front end developer, Jspider
NOVEMBER 2022 — MARCH 2023

python, Chadalawada Ramanamma Engineering College
AUGUST 2021 — DECEMBER 2021

Projects

Image Classification Methods Using Constructive Clip, A Zero-Shot Classifier, Tirupati
JANUARY 2022 — JUNE 2022

- Worked on Image classification problem using Zero-Shot Learning to improvise the classification accuracy.
- Used real time data for training the ZSL model.
- Was able to achieve classification of new class for which the classifier is not trained for using ZSL which is different from the normal classifier.

GA/GTM Integration, Banglore
JUNE 2022 — DECEMBER 2022

Integrated Google Tag Manager to track the different user actions and fire events on the basis of it. This further helped in testing of acceptance of important features and understanding user behavior on the journey to booking.

Co-Curricular Activities

Member, Tirupati
AUGUST 2019 — JULY 2022

Memeber of Association of Computer Science Engineering (ACE) at Chadalawada Ramanamma College.

Member, Tirupati
AUGUST 2019 — JULY 2022

Member of Software Engineer Association (SEA) at Chadalawada Ramanamma College
